

KARIM MUSSI WINES

Los Poetas Semillón

Region

Part of the larger San Carlos district in the southern Uco Valley, La Consulta sits in the shadow of the 5,830m volcano, San José. The vineyards sit at around 1,000 m.a.s.l. and the altitude brings hot sunny days and cool nights. Meltwater from the Andes flows through the centre of the region in the Tunuyan River. Add well-drained alluvial soil that forces the vines to grow deep root systems in their search for water and nutrients and you have the perfect environment for high quality Malbec.

Producer

A firm favourite with our customers, and internationally recognised as one of the most talented winemakers in Argentina today, Karim Mussi continues to go from strength to strength, with leading wine critics falling over themselves to heap praise on these expressive & distinctive wines. Alongside Altocedro, the Alandes project represents absolute freedom, a 'laissez-faire' winemaking philosophy that is in an extensive territory without borders.

Viticulture

Traditional management. Double Guyot training system. Manual harvesting in small boxes of 15 kg.

Vinification

Upon reception, grapes undergo a double sorting to remove inferior berries. Cold and anaerobic pressing, natural cold static settling, fermentation at 13-15°C for approximately 20 days. No malolactic fermentation.

Tasting Note

An elegant wine, with delicate fruity aromas, typical notes of white flowers and some herbal and tropical fruit notes. It has the freshness of just-picked grapes on the palate, followed by unoaked fruity acidity. Enjoy now.

Food Matching

Rich fish (salmon, tuna etc) & fresh shellfish (oysters, prawns), light salads, chicken and goats cheese.
